

## Member Testimonials

“While attending a chapter meeting, I learned of unpublicized special discounts being granted by our professional liability insurance carrier. After follow-up calls and letters, I received a decrease of \$16,000 on our renewal premium!”

When a firm in Michigan lost a partner in the midst of tax season, another Michigan firm (both in the same chapter) who dealt with a similar loss was able to offer advice and active assistance.

These are only a couple of examples of how members have used the resources available through the Association to support their firms.
